### The Holocaust Shoe Project

Mr. Alan Morawiec and his father, Chaim Baruch Morawiec

With only an estimated 150 Holocaust survivors still alive in the Denver area, it is vital to record their stories, educate younger generations, and ensure this conversation continues. For many Holocaust victims, the only tangible item left behind was their shoes. The Holocaust Shoe Project has collected 19,530 pairs of shoes since its inception, with 2,064 pairs donated in the 2006-2007 school year alone. The Colorado House of Representatives is proud to honor and support this grassroots campaign.
